It only needs to touch the mat or plate to be called a strike.
 - N. Game Times - League games are listed on the league schedule. Teams must be ready to play on time. There is a 5 minute grace period for the first game only. If 9 players are present at game time, the game must start. Subsequent games will start on time or immediately upon completion of the prior game. No extra warm up time if games are behind. A warm up area is available behind the right field fence. Use this area to warm up. Do not throw balls in the out of play area by 3rd base or across the street by the gazebo and bathrooms. Players are solely responsible for any damage to parked vehicles, moving vehicles or property. Managers are responsible for exchanging line ups prior to game time and having their teams ready to play at game time. If the prior game ends early, you are not to required to start until game time. But starting the game on time means throwing the first pitch at game time. Do not request umpires to wait until a late arriving player gets dressed or makes his way to the field. If the player is not available at game time and you have 9 players to start, you either put him in the lineup and suffer the consequences or he is a substitute.
 - O. Teams may play with one extra player per game.

- P. Teams may use unlimited DH's during game. Each DH must be attached to a fielder (DH1, DH2, DH3, etc). ASA re-entry rules apply.
 - Q. Substitution - Managers may play with 9, 10 or 11 player line up. If you start the game with 9, you may add the 10th player anytime. If you start with 10, you may NOT add the 11th player. Substitutes enter the game at a certain spot in the batting order. They must remain in this spot. Starters and substitutes may re-enter the game 1 time each but only in their same spot in the batting order.
 - R. Bats - ASA/USA softball bats that conform to current policy and have an ASA/USA 2004 or newer stamp and are classified as non-composite barrels are legal. The umpire or league may remove any bat that is not in compliance until it can be proven that it does comply. The use of an illegal or altered bat may result in suspension or removal from the league for at least 1 year from the date of the infraction.
 - S. Ejections - Players that are ejected from a league contest are automatically suspended from the next league game and may be subject to further disciplinary action dependent on the nature of the action that caused their ejection. Umpires may recommend further discipline and suggest their opinion of appropriate action. The league coordinator will enforce and decide all discipline and determine the length of suspension. Loud and abusive or foul language will not be tolerated. Physical contact with an umpire will result in immediate suspension.
 - T. Forfeits - If a team does not have the required 9 players to proceed with a game at game time they will forfeit the contest. A team that forfeits is required to pay a penalty fee of \$50 that will be paid to the league and reimburse the team the game was forfeited to. This payment must be made before the teams next scheduled game.
 - U. Scheduling - Games will not be rescheduled without prior notice and approval of the league coordinator. Since preferences for game days and times were given prior to the schedule being made, re-schedules will need an extremely extenuating circumstances.
 - V. Rainouts - The league coordinator will decide if the field is unfit for play and notify managers as soon as possible. Rainouts will be rescheduled as soon as possible according to field availability.
 - W. Pitching - The pitcher may pitch from up to 5 feet behind the rubber as long as at least one foot is on or directly behind the pitching rubber.
 - X. Baserunning - On an infield ground ball where a play at first base could happen the batter/runner must use the outside/orange base to avoid contact with the first baseman. Using the inside/white base in this instance will result in the batter/runner being called out by the umpire. If the first baseman is pulled to the outside by a throw, he may use the outside/orange base and the runner must adjust and use the inside/white base to avoid the collision.
 - Y. Ties in League Standings - Higher seeding (home or away) will be determined by head-to-head competition, head-to-head run differential, overall season run differential. If the teams are tied in each of those 3 areas, a coin flip will determine which team has the better seeding (home or away). If there are 3 teams tied for the league standings, the same criteria will be used to first determine the team seeding for playoffs.
 - Z. Mercy Rule- Team up 15 runs after 3 innings, 12 runs after 4 innings and 10 runs after 5 innings.
- IV. Any situations not covered by these rules will be governed by ASA/USA rules or the discretion of the league coordinator.
